PERSONAL PROJECTS

Guidance Hub (01/2024 - 05/2024)

- Developed a web-based platform to connect users with mentors and experts for personalized guidance.
- Implemented user authentication, profile creation, and expert matching functionality.
- Integrated a booking system for scheduling consultations and accessing resources.
- Utilized Laravel and MySQL for backend development and database management

Automated Web Development Environment (05/2024 - 06/2024)

- Created an automated website deployment inside a Docker container.
- Utilized Git/GitHub for version control and Jenkins for automating the CI/CD pipeline.
- Configured Docker for containerized web development environments and deployment.
- Streamlined the entire process for continuous integration and deployment.

ACHIEVEMENTS

State Level Hockey Player (06/2018 - 03/2019)
